

Privacy Notice: Except for Courts and other law enforcement agencies, TexAmerica does NOT share any of your personal or business information with anyone, including our affiliates, UNLESS REQUESTED BY YOU, THE CUSTOMER.

Policy Changes: In December of 2017, we converted from the perdiem interest calculation method to the more widely-used amortization schedule interest calculation method.

How this affects your mortgage: Early and Late payments will no longer impact the amount of interest charged for each month; instead, interest will be charged according to the amortization schedule. However, late fees, when applicable, will still be charged if payments are not made on time.

Thank you for being a valued customer!
